25X1 5. [ ] Called Frank Slatinshek, Chief Counsel, House Armed Services Committee, and told him of our proposed letter to Representative Les Aspin's query last June about Alfred McCoy's allegations of the Agency's involvement in the illegal narcotics traffic. Slatinshek saw no problem with the letter but recommended we check it with Chairman Nedzi, Intelligence Operations Subcommittee.

I told Slatinshek of plans for Chairman Nedzi to visit Headquarters for lunch and some briefings next week, but Slatinshek said that in addition to any personal briefings, Nedzi planned early Subcommittee meetings, prior to the holidays, to hear from both CIA and Defense on how the President's reorganization of the intelligence community last year is working out. 25X1

7. [ ] Spoke with Miss Pollard, in the office of Representative Joseph Minish (D., N.J.), and on an informal and non-attributable basis gave her a rundown of the Agency's role in the drug problem following the talking points coordinated with [ ] and [ ] OCI (see Journal of 24 October 1972). In response to her question on funding for our activities in this area, I explained the confidential nature of CIA funding in general and that one of our principal fields relates to the coordination and dissemination of foreign intelligence information which our work on the drug problem fitted under nicely.
